

Test Plan – Readify Project

1. Introduction

This document describes the testing approach, scope, objectives, and deliverables for the Readify – Online Book Management System.

2. Objective

To ensure that the Readify application functions correctly, meets requirements, and is free from major defects before release.

3. Scope of Testing

Modules included:

- Login & Registration
- Dashboard
- Category Page
- Book Listing
- PDF Viewer
- My Library
- Chatbot

4. Types of Testing

- Functional Testing
- Smoke Testing
- Regression Testing
- Negative Testing
- UI Testing

5. Test Strategy

Manual testing will be performed based on SRS. Test cases will be designed and executed. Defects will be logged and tracked.

6. Entry Criteria

- Application build available
- Requirements finalized
- Test environment ready

7. Exit Criteria

- All test cases executed
- No critical or high severity defects open

8. Test Deliverables

- Test Plan
- Test Scenarios
- Test Cases
- Bug Reports
- RTM
- Test Summary Report
