

TEST SUMMARY REPORT

Project Name: Readify – Online Book Management System

Tester Name: Vasant Karode

Testing Type: Manual Testing

Build Version: 1.0

Test Cycle: Cycle 1

Test Environment: Windows 10, JavaFX Desktop Application

1. Introduction

This Test Summary Report describes the testing activities performed for the Readify application. The objective of testing was to verify that all functional modules are working correctly and to identify defects before release.

2. Scope of Testing

The following modules were tested:

- Login & Registration
 - Dashboard
 - Category Module
 - Book Listing Module
 - PDF Viewer
 - My Library
 - Chatbot
 - Logout
-

3. Types of Testing Performed

- Functional Testing
- Smoke Testing
- Regression Testing
- Negative Testing
- UI Testing

4. Test Execution Summary

Total Test Cases Designed: 30

Total Test Cases Executed: 30

Total Passed: 24

Total Failed: 6

Total Blocked: 0

5. Defect Summary

Critical Defects: 1

High Severity Defects: 2

Medium Severity Defects: 2

Low Severity Defects: 1

Total Defects Identified: 6

6. Major Issues Identified

- Login API returning 500 Internal Server Error
 - Weak password accepted during registration
 - Duplicate book addition allowed
 - Session not terminated properly after logout
-

7. Exit Criteria

- All planned test cases executed
 - Critical defects documented
 - Application is stable with minor issues pending fix
-

8. Conclusion

Manual testing for the Readify application has been completed successfully. Most functionalities are working as expected. Critical and high severity issues should be resolved before production release.

Overall Application Status:

Ready for release after defect fixes.
